

QUALITY POLICY**QUALITY POLICY**

The Management of MARLIA INGENIEROS SL, with extensive experience in the commercialization of control equipments and safety systems for all types of liquid and gas installations, focuses its Quality Management System as a way to organize its business life, basing it on some basic pillars such as the quality of their products / services by commitment on technology in our processes of providing the service, the continuous improvement of their processes and the relentless pursuit of customer satisfaction.

For this reason, the Management declares the Quality Management System, according to the requirements of the International Standard UNE EN-ISO 9001: 2015, as a strategic and priority objective, focusing its foundations and commitments in the scope of the following objectives:

- 1. EXPANSION of markets.*
- 2. CONTINUOUS IMPROVEMENT of our Quality Management System.*
- 3. GREATER CONTROL in the production process to ensure the proper monitoring of our activity and GUARANTEE the CUSTOMER SATISFACTION AND GUARANTEE THE COMPLIANCE WITH THE REQUIREMENTS, NEEDS AND EXPECTATIONS of our interested parties.*
- 4. Ensure compliance with the CLIENT'S REQUIREMENTS, THE LEGAL REQUIREMENTS APPLICABLE TO OUR ACTIVITY AND OTHER REQUIREMENTS that the company subscribes to.*
- 5. IMPROVE CONTINUOUSLY the quality management system and our performance of the management system processes, with the aim of, among others, achieving a high degree of internal organization.*

Thus, it is the responsibility of all the personnel of the company, the correct fulfillment of these guidelines and their implementation, for which, the management of MARLIA INGENIEROS is committed to provide all the necessary human, technical and economic means to achieve it, and to periodically review the strategy of the company, adapting it to the changes that may occur in its context.
